Opportunity to renovate a unique penthouse in the Old Town

This penthouse, located in the centre of the Plaza Cort in the old town, is a renovation object of a rare kind. With a careful renovation, this could become a dream apartment in the best location in Palma. The property has enormous charm, with high ceilings and exposed beams and original floors.

The penthouse extends over the entire top floor of a five-storey building without lift. The layout is excellent and the living room, dining room and kitchen all open onto the large terrace which enjoys all day sunshine.

The two bedrooms have room for a double bed and both have beautiful views of the city. In between the bedrooms is the bathroom, also with windows overlooking the roof tops of Palma.

The large terrace of over thirty square metres is the highlight of the property and offers views of historic buildings, the cathedral, the mountains and the masts of the luxury yachts in the harbour.

This is a property that must be experienced. If you want to own a piece of Palma's history, this is your new home!
