Lovely apartment with communal pool in San Agustin that offers great potential

This apartment is located in San Agustín, perfectly situated by the coast yet close to Palma city center. Palma can be easily reached in just a few minutes, either by car or public transport. Additionally, the beach is only a short walk away. With a wide range of cafés, restaurants, and shops nearby, this is an excellent location.

The apartment has a living area of 77 square meters, distributed across two generous bedrooms and one bathroom. From the living room, you access the private terrace, which provides plenty of natural light and, thanks to its south-facing position, several hours of sunshine. The layout is well-planned, and with a renovation, this apartment could become something truly special.

Additional information: private terrace, sea view, communal pool.
