New project in central Palma

Near Pere Garau, a brand-new residential complex with a total of 12 apartments is taking shape. Here you will live close to everything Palma has to offer while enjoying a high level of comfort at home.

This apartment has a living area of 71 m2. The apartment comes with a fully equipped kitchen in open-plan layout connected to the spacious living rooms with large windows. Interior will be bright and modern, featuring tiled floors, white-painted walls and ceilings, and large double-glazed windows providing good sound and thermal insulation. The kitchen will be fitted with modern cabinetry, a ceramic countertop, and appliances including an induction hob, oven, extractor fan, and sink with a single-lever mixer tap.

This apartment comes with two bedrooms and two bathrooms, with one bathroom en-suite. The bathrooms have a modern design with tiled walls, showers, stylish sanitary fittings, and water-saving fixtures.

All homes are equipped with air conditioning to ensure a comfortable indoor climate throughout the year.
